

## FORBERG TEAMS UP WITH PREMIER TECH FOR BAGGING

It is with great pleasure that Premier Tech announces the acquisition of the commercial and technological assets of the mineral wool bagging division of Forberg, the Leader in the insulation industry in Europe, as of May 3, 2010. Through its business unit in Europe Chronos BTH, Premier Tech will now be in a position to serve this clientele and even extend its commercial offer with technologies for feeding, conveying, palletising, robotics as well as load securing. Chronos BTH will certainly be in a great position to offer turnkey systems from the feeding of the product to the wrapped pallets.

Chronos BTH is the sister-company of the Canadian-based Premier Tech Chronos who started its industrial venture 20 years ago in compression products for numerous applications such as sphagnum peat moss, wood shavings, cellulose, as well as rockwool and fibreglass insulation.

We assure you that Chronos BTH will deliver you the highest level of support for on-site technical services, remote services and spare parts deliveries. Below are the new contact details to reach our service department:

### Services and Spare parts:

Willem Lepelaars - +31 (0)497514988

[service@chronosbth.com](mailto:service@chronosbth.com)
